## DOLCH WORDS LISTS

Dolch organized his listing into categories that match grade levels. This represents a sequence rather than an order of difficulty, and matches the frequency of words according to grade-level material.

Despite this categorization, it is generally recommended that all of the words in all the categories be learned by the end of the first grade.

Parents are encouraged to review these lists with their child to help him/her recognize the words by SIGHT. Get the whole family on the READING TEAM to help your young child become a confident reader. Utilize flash cards and games to make learning fun. The Dolch Noun list can help your child practice with sentences .
