

2017-2018 Second Semester Finals Schedule

High School: Students should be in their seats and ready to begin their tests at the beginning of each finals period. Students must remain in the finals room for the entire session. High School students who do not have finals are not required to be on campus. However, if they are on campus they must be in their assigned classroom reading or studying. They may not just "hang out" on campus either inside or outside.

Middle School: Classes will be held during the same time periods and with the same time schedule as the high school finals periods.

Wednesday, January 17

Session One 8:00-9:30
