## Introducing the New Campus for Hillcrest Christian School, formally known as Pinecrest!

**Great news!!! After months of prayer and seeking God, we are excited to announce that we are moving to the new campus for Hillcrest Christian School, formally known as Pinecrest.** We have completed many of the necessary items in the process, obtaining gifts for the down payment, completing a due diligence study, and approval for our tax-exempt bank loan. In addition, we have been preparing for the educational, security, safety, and technology modifications and improvements to the campus.

We have amazing plans for our new campus, including upgraded science labs, expanded technology programs, and upgraded classrooms. In addition, we will be investing in a state of the art security system with the most advanced technology, to ensure the protection and safety of all of our students on and around the parameters of the entire campus.

We will share more details on availability to view the campus and volunteering soon, but our estimated renovations, including painting, will most likely begin 1 July.

### How can you get involved and support the move to our campus?

**1. Share the love you have for Hillcrest with your friends and the people you meet!** Share with potential parents why you send your child to Hillcrest and the benefits of your child receiving the Christian education with individual attention from our dedicated teachers and staff. **A strong enrollment is key to providing our students with programs to launch them into the future.** (Tuition Credit will be given for each new family you refer.)

**2. Share Hillcrest's new partnership with Mamba Sports Academy and the accelerated athletics programs we are now able to offer our students.** We have singled out all the

top-notch candidates to fill the Athletic Director position and are in the process of finalizing who is the best fit to lead our sports programs, elementary through high school.

**3. Volunteer your expertise and time to help upgrade our new campus.** Painting, cleaning, yard work, and even decorating; we could always use the expertise of those who have a knack for interior design to add appeal and beauty to the offices and classrooms.
